INSURANCE

All high value items are required to have insurance before shipping out from our offices in the US and the UK. All items valued at \$100- \$1000 are insured at 10% of the item cost. And items worth \$1000 upwards are insured at 5% of the item cost. Therefore, if your item has not been insured, we are only able to cover the cost of up to \$100 should anything happen to a package whilst in transit.
